

Living Independently. Safely.

Gray Matters Alliance is dedicated to helping individuals live more independently and safely while improving their quality of life through enabling technology, remote support tools, and educational resources.

We Provide Resources For Independence and Safety

We work with families and organizations to help aging seniors, intellectually and developmentally disabled, and those with other neurological and cognitive conditions live more independently and safely in their own living environment.

Our Top Services To Help Live Independently

Our person-centered, customized technologies provide the opportunity for individuals to spend more time on their own, learn new skills, and allow organizations to allocate their staff more efficiently. Gray Matters Alliance's products and services provides peace of mind and a priceless level of safety and security for families.

Enabling Technology / Remote Monitoring / Home Safety

The GMA Systems offer the most comprehensive, holistic, and HIPAA-compliant assistive technology for remote caregiving and wellness coordination on the market. It enables the individuals we serve to live independently through remote monitoring and assistive technologies...All provided through one system with a simple to use touchscreen monitor or tablet.

Home Safety Assessments

Our Occupational Therapists conduct home safety assessments to determine a person's safety. We develop a customized plan for living more safely and independently

Drive Safe Program

It's never easy to retire the car keys, but with the right information, the decision can become clearer. With the Gray Matters Alliance Drive Safe Program and resources, you get the help you need to educate the driver and family and make informed decisions together.

Gray Matters Alliance welcomes the opportunity to provide the products, services, and resources to enable an individual to gain and improve independence and safety. Our goal is to not only assist individuals but also to help staff and caregivers provide augmentative care to address staffing shortages, improve communication, and provide the tools for better client/staff engagement.

We are a problem-solving company, we love to assist individuals, families, and professional staff. Please contact Gray Matters Alliance for a free consultation at any time.
